

PROGRAM AT A GLANCE

- ✓ **Harness** GFSI’s industry-lead achievements to increase confidence in the safety of your products and access new markets,
- ✓ **Learn** from global and local CEOs, who have agreed to explain how they foster a culture of food safety in their organizations,
- ✓ **Hear** what systems have been put in place by food safety directors and key decision-makers under GFSI-recognized standards - and **how** this has benefited their business,
- ✓ **Discover** the latest developments in private-public collaboration that the GFSI Mexico Local Group is leading with the relevant national government entities.

Join us in Mexico City and gain access to the key industry players advancing the vision of safe food for consumers everywhere.

Thursday – 3rd May 2018
